CHARLEROI WASHINGTON CO. TUESDAY, OCTOBER 2, 1918

TWO CENTS

THE AMERICAN PEOPLE should not be deceived by the German peace offensive. Its coming was predicted several weeks ago, and now it is here in its most insidious form. Germany wants to "negotiate" peace. She wants to give her army a much needed rest; she wants to hold Belgium and portions of France while negotiating with the Allies. She wants to save her own territory from invasion, which is even now imminent by reason of the continuing victories of the armies under Marshal Foch. The American people want no such peace. Peace by victory with the Allied Nations dictating the terms should be our answer. Germany does not want peace; she wants immunity. A negotiated peace would be a defeat for the nations opposed to the barbarous and murderous tactics of Germany. To compromise now is to betray our dead, desert our principles, abandon our faith, and to negotiate is to compromise. The American people can show their determination to push the war to victory in no better way than to subscribe freely and largely to the fourth Liberty Bonds. This is been somewhat slow in Charleroi and immediate community. We need to speed up. We need to fully realize the necessity of putting this loan over and thus give expression to our opinion of the tricky move of the German empire. There should be no let-up in the Liberty Loan campaign. The need for this money is just as great now as ever before. The people are asked to loan it to the government. Let us do more than our share.

LOCAL PLANT IS OVER THE TOP

"All set" for the meeting tonight at the Fifth street stadium, was the report of W. B. Patterson this morning in speaking of the local Liberty Loan campaign. While affairs have been somewhat quiet of late, due to the various quarantines placed by the State Health Department, the local committee expects to get a new start this evening at the big meeting, which will begin at 8 o'clock. The Slovak band will furnish the instrumental music, while the male chorus under direction of Prof. Daniel will render vocal selections.

Chairman Patterson has a battery of rapid fire talkers in C. E. Towne and M. M. Allbeck of Monongahela and Edwin L. Kelly, of Charleroi, all of whom will have something of a most interesting character to say to the people of this community. Verbal reports from local industries are of a most encouraging character. The Hussey-Binns Steel company already has gone "over the top," and Monday noon held a celebration in honor of the event. John D. Berryman and D. R. Hornell were the speakers. The men were given the privilege of taking all the time necessary to take part in the celebration and it proved to be a most enthusiastic meeting. Other plants located in Charleroi are expected to make large subscriptions within a few days. The solicitation of all the employees has not yet been completed, but it will be finished within a few days when they will be reported to the various banks, after which the figures will appear in the totals as they are published from day to day.

In the eastern area of the county a total of \$806,550 had been reported in subscriptions up until Monday evening. This is below the estimate for this date, and Chairman Daly asks for "more speed." In fact it will be shown if the eastern section is to make up the quotas set for the different districts.

Fredericktown, which made such an enviable record in the Third Liberty Loan campaign, is again to the front, and Monday evening had reported \$250,450 in subscriptions. The quota of the town is \$120,750. Solicitations are still continue and it is hard to tell where that lively up-river community will stop.

An open air meeting was held at Oakland Park last evening by Char-

DONORA BAKER

KILLED IN SHOP

Peter Stakoff, a Bulgarian baker, aged 48 years, proprietor of the Star bakery at Donora, was murdered in his shop some time between 2 and 3 o'clock Monday morning. His dead body was found by his wife in the morning shortly after 5 o'clock. Death was caused by some blunt instrument, with which Stakoff had been struck on the back of the head, crushing his skull. From the appearance of the wound death was instantaneous.

Stakoff came to Donora about 18 months ago from Turtle Creek, and was well known and generally liked. An inquest will be conducted by Coroner Heffran on Wednesday. The police arrested a man later in the day, whose name was not disclosed, in connection with the crime. There has been but little light thrown on the matter, however, although the police made a determined effort all day Monday to obtain some clue to the murderer.

The Kaiser is very touchy about the feelings of his opponents. He does not care to hurt their fists by having his nose poked in contact with them.

As only ten working days remain before today Chairman Daly urges every solicitor and every committee to work to the utmost in order that each and every community reach its quota. It is true the influenza epidemic is a still continue and the German offer of peace may deceive some people, but we must overcome these influences and may be reached at the appointed time.

Public Is Warned Against Bogus Stock

Just now there are a number of enterprises showing up in the market, which are being taken in by themselves to the front in a quiet way. Liberty Bonds were taken in by themselves to the front in a quiet way. Liberty Bonds were taken in by themselves to the front in a quiet way.

Washington sends out word that more than 500 promoters are under investigation at the present time, who are selling securities in competition with the Fourth Liberty Loan, and in defiance of the government's Capital Issues Committee. This committee has for some weeks been investigating and gathering evidence on the wildcat promotion schemes involving the trading in of Liberty Bonds for speculative stocks and the consequent absorption of capital for non-war purposes.

More than \$200,000,000 of fraudulent or unauthorized securities are now on the market, it is reported, and this represents only a small proportion of all such issues offered without being first submitted to the Capital Issues Committee for its approval.

A partial list of the speculative enterprises now trying to market unauthorized securities include 250 oil companies in the Oklahoma, Texas, and Kansas fields, offering in the aggregate more than \$100,000,000 in stocks. There are 10 questionable motor companies, offering about \$30,000,000 in securities. One of these in Minnesota has already sold

LOCAL MINERS UNION BUYS A \$500 BOND

The miners of Charleroi Local Union No. 593 met last evening Monday night to draw an order on the Local Union treasury for \$500 worth of Liberty Bonds, and they only regret that they could not take more. The same Local Union took \$1,000 worth of the bonds on the Third Liberty Loan.

They are also giving \$400 per month to swell the War Chest Fund, and they say they are going to give and give until Kaiserism is forever banished from the earth and they are seeing to it that every mother's son who works in and about the mines takes at least one bond. This Local Union has given 80 of its members to Uncle Sam to clean up Kaiser Bill and he can have them all if it is necessary. This is the spirit which pervades the Charleroi Miners Union.

PAINTER KILLED BY ELECTRIC SHOCK

Jerry Grevas, a Greek, whose home was at 1523 White Avenue, Pittsburgh, was electrocuted while painting at the Hussey-Binns Steel plant this afternoon at 1:25 o'clock. Grevas was employed by the Andrews Brothers, of Pittsburgh, contracting painters, and was at work on the electric furnace building, near the north-east corner, when he touched a live wire of the West Penn Power company carrying 22,000 volts. The result was instant death. Grevas was about 26 years of age and single. The body was taken to the Crowley morgue, where it will remain until funeral arrangements are made.

Southwest District Has So Far Escaped The Epidemic

EASTERN SECTION HARD HIT

Dr. B. Franklin Royer, Acting Commissioner of Health of Pennsylvania, has issued the following bulletin to the various health boards throughout the state:

"Pennsylvania's citizens will be warned that the influenza epidemic with its attendant fatalities shown by her brave sons now facing the wicked Hun."

"The situation is growing grave in the great industrial centers of southeastern Pennsylvania, Philadelphia, Chester and surrounding towns and in the Lehigh valley. The same is true of the great anthracite coal fields of Schuylkill, Northumberland and Luzerne counties, and in the northern bituminous fields of Jefferson and Indiana counties and in Harrisburg and Steelton."

The Department of Health would like 250 volunteer physicians and 500 volunteer nurses to offer their services by Monday noon.

"My estimate leads me to believe there are 150,000 persons now suffering with influenza in this commonwealth."

A supplemental order from the State Health Board concerns the sale of alcoholic stimulants for medical purposes alone. It directs that whole salers, bottlers, clubs or fraternal organizations which do not comply with the order of last Saturday concerning the sale of beverages, be closed forthwith and where necessary to be placarded as follows: "Closed by order of the Commissioner of Health."

While the southwestern district of Pennsylvania has escaped very lightly with this epidemic, various health boards are taking every precautionary measure possible that its spread may be prevented. In Pittsburgh all churches have been closed for the present, and all public assemblages and parades called off during the prevalence of the disease.

The Charleroi situation is well in hand and the local board does not anticipate any epidemic in this immediate vicinity.

CHARLEROI

"I have resolved once more to offer peace to the enemy." This is what Kaiser Bill says in an address to the German army and navy. The German Chancellor wants to make President Wilson's peace terms a basis for negotiations.

Germany sees the handwriting on the wall. The yells for a negotiated peace, which come from Berlin, are the yells of defeated and beaten men who see their ambitions of world-wide domination passing away. These offers on the part of the German and the Austrian empire, as well, show that the leaders of these two countries have finally realized that they cannot hold out many months more. Of this fact the people are becoming appraised, but the Huns want to save their face. They don't want any war on German soil. They don't want allied armies on German territory. They fear the wrath to come. Not that the

allied soldiers would become such barbarians and do such acts as characterized the German soldiers in France and Belgium, but the cowardly leaders and the "Kamerad" soldiers fear the righteousness indignation of an outraged people and like criminals, want to "negotiate" a peace that will save their country from invasion.

Fortunately Kaiser Wilhelm and his junkers are not dealing with a Russian empire at this time. They are dealing with people who are able to see through the flimsy pretext of the German offers, and that these offers will be rejected by the Allied nations almost goes without saying. Such a peace would not be tolerated by an outraged world. The Germans are on the defensive all along the line; they are being pushed back toward their own land, for which they now tremble, and yet as they retire they carry on their barbaric tactics of destroying cities and towns and taking the inhabitants behind the German lines. With one hand held aloft crying "Kamerad" they use the other to rape and pillage and destroy.

If the Huns want peace they can get it by giving an unconditional surrender—laying down their arms, demobilizing their armies; surrendering their navy, their munitions plants, and all the accessories of a warlike character. When they have done that, and are ready to acknowledge they are decisively beaten, then the Allies are ready to give them peace.

No compromise, however, will be acceptable to any of the people of the allied nations. As Capt. Curran said to the people of Charleroi last week, "We are not fighting for peace; we are fighting for victory."

SPEED UP.

The Liberty Bond sale is not making that speed in Charleroi which the managers of the campaign had every reason to expect. A glance at the table published in another column shows that we are away behind schedule, and that some efforts will have to be done in the remaining days in order to reach the quota. After today there will remain but ten days in which to conduct the campaign; and this means that every committee will have to be exceedingly busy and that the citizens and all wage earners must use more liberality in their pur-

chases. If we are to attain our goal, Let us not be turned aside from the success of the undertaking by German peace propaganda; let us not be deceived by the "peace" to be offered by the Kaiser, or the "negotiations" of the German Chancellor. The government needs the six billion of dollars, even if the war was to end tomorrow. The loan must be put over and we must do our share of the work; we must accept our share of the responsibility; we must take our quota of bonds. Let there be no fall-down on our part—we cannot afford to have the Liberty Loan a failure in the Charleroi area. We must put it over.

Many people eat too much every day and most eat much too much some days. That is why Americans suffer more than any people in the world from indigestion, biliousness and constipation. With a little thoughtfulness and care, however, a great amount of this distress could be avoided and you'll never realize how true this is until you become one of the several million people of this country who keep a box of Nature's Remedy (NR Tablets) constantly on hand and use it whenever indigestion, biliousness or constipation threatens. Unlike laxative purges, cathartics, such as oil, calomel, etc., which merely force bowel action, Nature's Remedy exerts a beneficial influence upon the entire digestive and eliminative system—the stomach, liver, bowels and even the kidneys. Its purpose is to promote vigorous and harmonious action of all the organs that handle the food and body waste.

That is why the results which follow the use of Nature's Remedy are always a delightful surprise to those who first try it. The action is prompt and thorough, is as mild and gentle and pleasant as Nature herself, and the thorough cleansing the body receives brings a feeling of real relief and benefit such as no laxative pill or cathartic ever produced for anyone. Get a 25c box of Nature's Remedy (NR Tablets) and try it. There is no risk in going so, for it must give you greater relief and benefit than any liver or bowel medicine you ever used or money back instantly. The Government Requests That Xmas Shopping Be Started NOW

The usual Christmas congestion will not be permitted this year to interfere with the quick transportation of troops and munitions. So the government requests that
 1—Christmas buying be distributed over the months of October November and December.
 2—That gift packages be mailed or expressed before December 5th.

About Pianos

Do not be extravagant and buy a piano because it appears cheap.

Quality and price are inseparably joined to expect one without the other. We sell Mathushek Pianos for as little as you could expect to buy for really good pianos. Yes--we accept monthly payments.

STUNG

This is the story of a man in an Indiana town. He sent to an out-of-town house for his bathroom outfit. When it arrived several weeks later no plumber in the Home Town would take the job of tapping the main and connecting the pipes. So he hired an unlicensed "jack-of-all-trades" to make the connections. This fellow did a poor job, naturally the connection leaked, and the city officials had him arrested for tapping a water main without a license. If you wish to verify this story, just write to the Mayor of Rochester, Ind., and he will confirm it. But what concerns us is: Are there any of our citizens who, for the sake of a fancied bargain, will risk sending away from home for goods so easily handled by the home dealer, who will sell them to you for less money than the out-of-town conceitn charges for the same thing?
